

## **Interview Activity – Describe one of your weaknesses**

### Transcript

I'm interested in learning new things, but sometimes I have a tendency to take on too much work. I always follow through to meet any deadlines, but sometimes, this results in extra hours to meet my high standards. When given a new task I now ask more questions, make a plan, and then discuss it with my supervisor. As a Teaching Assistant reporting to a professor I focus on one task to completion and if approved, I might request help from another TA for heavier projects.
