

## Interview Activity Feedback – Tell me about yourself

### Transcript

#### Feedback:

Notice the use of the PAWS model in this answer, so PAWS is Profile, Academic, Work and Skills. The answer is relevant to the profession that the applicant is applying to. The applicant showed a lot of passion and excitement for the field she is applying to. She had really good eye contact, she was dressed professionally, and she had a really nice smile. And it's fine to smile in a professional school interview.
